Town Officers

1911--1912

Moderator—George D. Cummings.

Town Clerk—John H. Steele.

Town Treasurer—Lewis P. Wilson.

Selectmen—Wallace S. Hadley, Fred J. Ames, Amos O. Harrington.

Supervisors of the Check-List—George W. Ames, John W. Derby, Walter A. Bryer.

Constable—Alvin Townsend.

Overseer of the Poor—John W. Derby.

Auditors—Charles S. Pierce, Fred K. Longley, Charles A. Jaquith.

Library Committee—Arthur H. Miller, Eben W. Jones, Charles W. Harrington.

Fire Wards—Timothy E. Driscoll, chief; Eudell M. Arnold, John W. Robbe, George P. Farrar, Charles A. Baldwin, J. Norton Hunt, James H. Holden.

Collector of Taxes—Charles B. Davis.

Sexton—Charles W. Jellison.

Surveyors of Lumber—Charles E. Peaslee, Willis D. Barker, Alvin Townsend, George E. Bagley, Walter W. Sumner, F. Edson Moore.

Corders of Wood—Willis D. Barker, Alvin Townsend, John F. Dunklee.

Police Officers—John J. Maguire, chief and night watch; Patrick Keenan, Elmer L. McLaughlin, Frank J. McLaughlin.

Cemetery Committee—Eben W. Jones, Charles W. Jellison, George H. Foote.

Highway Agent, Charles H. Weeks.

Fence Viewers—Eben W. Jones, Lewis P. Wilson.

Agent of the Town Clock, Alfred F. Grimes.

Sealer of Weights and Measures, Charles A. Jaquith.

Putnam Grove Committee—Forrest G. Field, Harry H. Templeton, Charles H. Weeks.

Board of Health—Charles W. Jellison, Charles A. Jaquith, Bertell L. Talbot, M. D.

Public Weigher—Thomas H. Mullen.

Janitor of Town Hall—Hiram T. Cram.

Water Commissioners—Charles H. Weeks, Andrew J. Walbridge, Eben W. Jones.

Electric Light Commissioners—Maurice H. Nichols, John W. Robbe, Robert P. Bass.

Tree Wardens—Robert P. Bass, William H. Caldwell, Andrew J. Walbridge.

SCHOOL OFFICERS

Moderator—William H. Caldwell.

School Board—Mrs. Jessie A. Rice Caldwell, Rolla G. Bugbee, John W. Derby.

Secretary—Mrs. Jennie H. Field.

Treasurer—Andrew J. Walbridge.

Auditors—Mortier L. Morrison, Eben W. Jones.

REPORT OF THE SCHOOL BOARD

The reports of the Superintendent of Schools, Principal of the High School, Supervisor of Music and Supervisor of Drawing are herewith given and will explain the school work in general and in the various departments.

The development of music was shown at the Public Concert.

The School Exhibition was an excellent display of the work done by pupils in all the grades and the High School and was a fair test of routine work.

Manual Training is well started and we trust the benefits received from it will be brought out in the next year.

The new side walk to the Main School Building is a success and appreciated by teachers and pupils, especially during the mud season.

The new Heating and Ventilating plant at the West was opportunely installed as it would have been impossible to keep the children comfortable during the severe weather with the old stoves.

In accordance with our statutory obligations we estimate that \$500.00 will be necessary for the purchase of books and supplies. As there is a balance of \$59.04 on account of Flags and Flag Poles, we estimate there will be no additional amount required.

JESSIE RICE CALDWELL,	}	School Board.
ROLLA G. BUGBEE,		
JOHN W. DERBY,		

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

MEMBERS OF THE SCHOOL BOARD:

I respectfully submit the following report concerning the schools of Peterboro for the year ending February fifteenth, nineteen hundred twelve.

During the year covered by this report, there have been numerous changes in the teaching force. At the close of the winter term, Mr. H. W. Reynolds resigned the position as teacher of the grammar room at the Center and was succeeded by Mr. Joseph H. Finn of Wilkesbarre, Penn., a teacher of long and successful experience. At the same time, Miss Nellie F. Wiggin gave up her position at the South school to accept a business situation. Miss Edna J. Ellsworth succeeded her. Before or during the summer vacation, the following teachers decided not to return to Peterboro in the fall: Mr. J. H. Finn, Miss May B. Tracy, Miss Marion Woodman, Miss Kathryn F. Mawn, Miss Mary E. Bailey, and Miss Emily C. Gordon. The positions thus made vacant were filled by electing Miss Abbie E. Cutting, a graduate of Cushing Academy, as teacher of the Grammar school; Miss Eunice Joslin, a graduate of Worcester Normal school, as teacher of grades five and six; Miss Anna A. Hurley as teacher of grades three and four; Mrs. Katie F. Nichols, a graduate of the Keene Normal school, as teacher of the second grade; Miss Edith M. Emerson, a graduate of the Lowell Normal school, as teacher of the West Primary school; Miss E. Estella Shedd, a graduate of the Plymouth Normal school, as teacher at the Wilson Corner school; and Mrs. Maude L. Grant, a graduate of the Farmington Normal school, as teacher of the East school. Mrs. Grant is on leave of absence during the present term, and the work is being done by Miss Bertha L. Needham of Newton, Mass. Early in February, Mr. W. L. MacDonald tendered his resignation as principal of the high school to accept a supervisory position in a neighboring district. His successor, Mr. L. S. Morrison, is a graduate of the New Hampshire State College at Durham and has had a year and a half of successful experience as principal of the high school in East Dennis, Mass.

In looking over this long list of changes in the teaching force, one is led to wonder how it is possible to accomplish anything in the schools under such conditions. Some of the aids in overcoming this obstacle are a regular program of studies, term reports of the work done in each school, and, when possible, trained teachers to see that the requirements of the program are fulfilled.

In my last report, I recommended that there should be a careful consideration of the advisability of changing from a nine grade to an eight grade program of study. This proposition was considered and acted upon favorably. Some of the arguments in favor are that such a plan is worked out in the "Program of Studies" prepared by the State Department; that many places have made the change with success; that the necessary work for high school preparation can be done in eight years by omitting some of the non-essentials; and that the ninth grade work is frequently either without interest because of the introduction of but little new material, or the interest is secured by introducing subjects that properly belong to the high school.

The change in the Center school was made by splitting the third grade, giving to some a double promotion, and allowing the other portion of the class to continue as a third grade. This eliminated what would have been a fourth grade according to the previous arrangement. All pupils above the fourth grade retain the same grade number that they had last year. Those who were in the eighth grade last year are still named eighth grade pupils although they are doing practically the same work that the ninth grade did last year.

This change has also made it possible to seat all pupils in the regular schoolrooms and to use the small room on the first floor for recitation purposes only.

On account of the large number of pupils in the lower grades and the extra work involved in adjusting these grades to the present arrangement of studies, it has seemed best to have three teachers for the two lower rooms. This has worked very well by using the small room for class recitations.

If there should continue to be as many pupils as now in these grades, it may seem wise later to divide the grammar room into two rooms for the use of the first two grades.

The most important progressive step made during the past year has been the introduction of manual training for the boys in the grammar room and for those in the high school. The results thus far seem to justify the decision to make this a part of the regular school work. The pupils have taken hold of it with interest and enthusiasm and have constructed articles that show quite a little proficiency in the use of tools.

While it is not the expectation to turn out skilled workmen, it is our hope that along with a certain skill in the handling of tools, the boys will also get an idea of how to design an article to be made, and also of how to work from a plan either made by themselves or furnished to them. One hour a week is set apart for this work.

Although the present room for manual training serves the purpose fairly well, we feel that better quarters should be provided. An excellent room can be fitted up in the third story of the building at a moderate cost. I would recommend that this be done before the opening of school next September, and that a special appropriation be voted to cover the expense.

The arrangements for obtaining water to drink at the Center school have been made more sanitary by placing two bubbling fountains in each basement. These have worked very satisfactorily. A galvanized pail provided with a cover and faucet has been furnished to the West school by way of experiment.

The heating and ventilating plants put in the rooms at the West school have supplied them with warm fresh air so thoroughly and evenly distributed that the temperature varies but little in different parts of each room. The teachers report that these furnaces require no more attention than ordinary stoves, and that the results are far more satisfactory.

The exhibition of school work held in the town hall on the second of June gave the patrons of our schools an opportunity to get an idea regarding some of the work that is being done from day to day. The interest shown by the parents and other citizens, and the favorable comments made were very gratifying to those who arranged the material for exhibition, and to those who prepared the following program for the evening:

Reading. Pupils of the first grade. Miss Nora Secombe, teacher.

Dramatization. Pupils of the second and third grades.

Miss Kathryn F. Mawn, teacher.

Music Arithmetic. Pupils from the fourth and fifth grades. Miss G. E. Clark, Supervisor of Music.

School Recess Games. Pupils from the West Primary school. Miss Anna A. Hurley, teacher.

Drawing. Miss Catherine Reaveley, Supervisor of Drawing.

Chemistry. Members of the Chemistry class. Principal W. L. MacDonald, instructor.

With this report, I also submit reports from the Principal of the High School, the Supervisor of Music, and the Supervisor of Manual Arts.

FREDERICK L. KENDALL,
Superintendent of Schools.

SUPT. F. L. KENDALL, Peterboro, N. H.

DEAR SIR:—In view of the fact that I am about to leave the service of the town of Peterboro, after teaching three years, it does not seem fitting that I make an extended report.

However, I intend to bring to the notice of the public some of the more prominent features relating to the High School and its interests.

May I call attention, in passing to the beautification of the High School rooms which the scholars and teachers have so well begun, and hope for a continuance in this direction? I sincerely believe in the value of aesthetic surroundings. Hand in hand with this idea comes the reading of the good literature of the daily press and monthly magazines. Too often is our modern education gleaned from the pages of text-books, without any references to current history and constantly occurring inventions and discoveries. I hope then, that the school authorities will encourage the subscribing of magazines, the beautifying of the school rooms, and the co-operation of library and school.

I would be remiss in my duty did I not speak of the need of some suitable fire protection for those working in the top story of the High School building. Twice a week, about twelve scholars, on an average, are engaged in laboratory work on the third floor. As is well known, there is only one stairway approach to the third story, and were this threatened by fire, all means of escape would be cut off. Of course the danger is very remote,

but, admitting that, it seems to me that some kind of rope ladder escape ought to be bought and kept in case of emergency, even if it did not cover the law. This matter has been considered at school meetings but to my mind, no satisfactory disposition of it has been made.

While the town of Peterboro does not attempt and probably will not attempt to instruct children coming from other towns, for the sake of the profit gained for tuition, it does seem well, that the school should be more thoroughly advertised in the surrounding towns from which scholars are likely to come. At the present time, we have six tuition pupils in the High School, giving the town a revenue of \$180.00 per year. Provided the praises of the school were more properly sung and advertised, I see no reason why this number could not be doubled, and the town thereby gain additional tuition without much additional expense. I submit that an attractive booklet should be issued containing data of the school curriculum, equipment, teaching force, etc., and spread broadcast among grammar schools of the surrounding towns. I believe the Peterboro High School has the distinction of having the only manual training equipment within a radius of fifteen or twenty miles, with the possible exception of Keene. This, well known and advertised, the town would be the school centre that it ought to be.

Finally, I should like to commend the work of the assistant teachers, always kindly, sympathetic, courteous, and efficient. With these few recommendations, I depart from the High School, wishing it success and prosperity. I am,

Very cordially yours,

WILLIAM L. MACDONALD.

Peterboro, N. H., Feb. 13, 1912.

MR. F. L. KENDALL, Supt. of Schools.

The work in music in the schools of Peterborough, has been, all things considered, more satisfactory than last year. The singing in the High School is inspiring, nearly all the boys and girls have taken part with interest and enthusiasm. This has enabled us to do a good deal, and a program was prepared which was rendered by the High School, Friday evening, Feb. 16, in the town hall. No admission was charged this time.

With the funds received from last year's concert, the High School has purchased a fine looking music cabinet and piano cover. Four-part music is being sung in the seventh and eight grades and there are many good voices in that room. These pupils are capable of doing very good work, but it is here that the problem of arousing their interest is the hardest. The fifth and six grades are doing excellent work this year in three parts. Their theoretical work is firmly grounded, sight-reading good, and singing correctly and melodiously done. They, also, are willing to do individual work in trios, etc.

It was the fifth grade which showed to good advantage in last year's exhibition. The work they did in "sight-reading," had never been seen by them before. At the Decoration Day exercises in the town hall, May 30, 1911, a good chorus of girls' voices from the High School furnished music in three parts. The music in the third and fourth grades is prospering under Miss Hurley's careful attention. It is noticeable for its accuracy and enthusiasm.

The first and second grades are taken together this year, and are a delight to hear and work with.

They are doing very good work indeed, and every little boy and girl seems thoroughly interested and ready to work. Their rote-songs and board-readings are a pleasure to hear. The second grade is using for the first time this year, "Introductory Sight-Singing Melodies," a book for each pupil.

I wish to thank all the teachers for their kind co-operation and interest in the work. Respectfully submitted.

GERTRUDE E. CLARK,
Supervisor of Music.

TO THE SUPERINTENDENT OF SCHOOLS:

The following report of the work of the Department of Drawing and Manual Training is herewith submitted:

The work in drawing in the grades has been a continuation of the work of last year. I have been using the same outline of lessons with but few changes. The following topics are included in the course in drawing:

Illustrative Drawing, Object Drawing, Nature Drawing, Paper Work, Color and Design.

The girls in the High School are divided into two classes. One class is taking free hand drawing, while

the second is working in metal. The pupils have bought their own tools and materials and are making simple arts and crafts jewelry out of copper and silver.

A manual training room has been furnished with benches and tools in the basement of the Central School building and the boys of the seventh and eight grades and all the High School boys have been having bench work. The course consists of certain definite exercises progressively arranged. These give the pupils a practical acquaintance with different kinds of woods, and with the different saws and planes, with the rule, try square, gauge, spokeshave, hammer, nail set, sand paper and other tools.

Thus far the boys have shown an increasing interest in the work and each one has advanced as rapidly as his ability would allow him.

In closing I wish to thank the teachers for their hearty co-operation. Respectfully submitted.

CATHERINE REAVELEY,
Supervisor of Drawing and Manual Training.

MAURICE H. NICHOLS, Treasurer.

There is an uncollected balance on the commercial lighting for 1911, amounting to \$42.84, and there are uncollected stock charges amounting to \$8.98. We have obligations on file and unpaid of date previous to Feb. 1, 1912, amounting to \$59.93. Our stock on hand, including coal, is estimated at \$1150. Thanks to the rains which fell last fall, our running expenses were greatly reduced, and we were left with a balance on hand, as above. We expect that propositions for buying the plant and of selling the town auxiliary power and other possible arrangements will be made to the town at the coming town meeting, and in connection with such proposals the general condition of our plant will probably be so fully discussed that it will not be necessary to treat the subject here.

MAURICE H. NICHOLS, }

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Peterborough Qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall, in said town, on Tuesday, the twelfth day of March next, at nine of the o'clock in the forenoon, to act on the following subjects :

1st. To choose all necessary town officers and agents for the ensuing year.

2d. To choose two delegates to a convention to revise the constitution of this state, to be held at Concord, N. H., June 5, 1912.

3rd. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of highways, and all necessary charges arising within the town, and appropriate the same.

4th. To raise and appropriate such sums of money as may be necessary for the support of the fire department, public library, and for the Grand Army on Memorial Day.

5th. To see what sum of money the town will vote to raise and appropriate towards paying the town debt and interest.

6th. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and passing any vote relating thereto.

7th. To see if the town will vote to instruct the selectmen to appoint a police officer, whose duty it shall be to preserve order in and about the public places in town, and perform such other duties as are required by the selectmen, both day and night, and to raise and appropriate money to defray the expenses of the same.

8th. To see if the town will vote to accept legacies and gifts given to the town in trust by different individuals, the income to be used in the care of cemetery lots.

9th. To see what sum of money the town will vote to raise and appropriate to defray the expenses of Old Home Week.

10th. To see what sum of money the town will vote to raise and appropriate to repair the concrete sidewalks where needed most.

11th. To see if the town will vote to instruct the selectmen to purchase a road drag, and raise and appropriate money for the same.

12th. To see if the town will vote to put in a drain on Summer street, opposite the residence of Mrs. D. M. White, to take care of the water at that point, and raise and appropriate money for the same.

13th. To see if the town will vote to pay part of the cost of building the new road by Edward Burnett last year through the Robbe pasture, whenever the selectmen shall lay it out, and raise and appropriate money for the same.

14th. To see if the town will vote to discontinue the old highway, from the corner near A. O. Frost's place, to the point where it connects with the new road built by Edward Burnett, or take any other action relating thereto.

15th. To see if the town will vote to instruct the agent of the piano, in town hall, to repair the piano, and raise and appropriate money for the same.

16th. To see if the town will vote to instruct the selectmen to have the floor on the stage in the town hall relaid, and raise and appropriate money for the same.

17th. To see what action the town will take in relation to the future occupancy of the Academy property on Grove street.

18th. To see if the town will vote to sell it's electric light plant and equipment and give a good and sufficient title to the same; or to lease the plant for a term of years; and to make contracts for lighting the public streets, buildings and places; or to improve the plant and to buy auxiliary power, and extend it's commercial lines to all or any parts of the town not now covered, and to supply commercial current at all hours of the day and night; and to revise the prices now charged for commercial lighting and to establish a price for electric power and to raise and appropriate money for any of the above purposes; or take any other action in relation to the sale, lease or business conduct of the plant.

19th. To see if the town will vote to sell a part of the reservoir lot, so called, situate near the residence of George H. Scripture, in said Peterborough, and authorize the selectmen or water commissioners to give a deed thereof, or take any other action in relation thereto.

20th. To see if the town will vote to allow Albert W. Noone to put a line of poles within the limits of the highway, from the spring on the highway leading to East Jaffrey, near a large rock, to the South Factory Village, and from the south end of the old road between said village and the Goodhue corner, so called, to the bridge over the river, near White's machine shop, to wire the same for power, heat and lights for his own use.

21st. To see if the town will vote to purchase of A. W. Noone the commercial electric line from the present terminus of the town's line on Grove street, to South Peterboro, and raise and appropriate money for the same.

22nd. To see if the town will vote to instruct the selectmen to purchase a street sprinkler, and raise and appropriate money for the same.

23rd. To see if the town will vote to repair and straighten the Old Street Road, so called, from a point opposite the line between the estates of Mrs. B. P. Cheney and Mrs. Mary L. Schofield, northerly, past the Old Cemetery, and raise and appropriate money for the same.

24th. To see if the town will vote to repair and straighten Granite street, from a point near the Jarvis place to Bridge street, and to build some kind of a sidewalk, and raise and appropriate money for the same.

25th. To see if the town will vote to instruct the selectmen to purchase a suitable quantity of dishes to furnish the banquet hall in the Town Hall building, and raise and appropriate money for the same.

Given under our hands and seal this twenty-fourth day of February, 1912.

WALLACE S. HADLEY,	}	Selectmen
FRED J. AMES,		of
AMOS O. HARRINGTON,		Peterborough.

SCHOOL WARRANT.

To the Inhabitants of the School District of the Town of Peterborough, qualified to vote in District Affairs.

You are hereby notified to meet at the Town Hall, in said District, on Saturday, the 16th day of March next, at two o'clock in the afternoon, to act upon the following subjects :

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two Auditors for the ensuing year.
5. To choose a member of the School Board for the ensuing three years.
6. To hear the reports of the agents, auditors, committees, or officers heretofore chosen.
7. To raise and appropriate such sums of money in addition to the amount required by law as may be necessary for school purposes.
8. To raise and appropriate such sums of money as may be necessary to make repairs on school houses or other school property.
9. To raise and appropriate such sums of money as may be necessary to insure any of the school houses or other school property.
10. To see what sum of money the District will raise and appropriate for the superintendent's salary.
11. To see what sum of money the District will raise and appropriate for salary of school officers.
12. To see if the District will provide a more suitable room for the manual training and raise and appropriate money for the same.
13. To see if the District will raise and appropriate a sum of money to place a fire escape on the Center School Building.
14. To choose agents and committees in relation to any subject embraced in this warrant.

Witness our hands this 28th day of February, A. D. 1912.

JESSIE RICE CALDWELL,	} School Board.
ROLLA G. BUGBEE,	
JOHN W. DERBY,
